PORTA MOBILI

Your Gateway to Beautiful Living

MANILA

WELCOME

Walk through our doors.

More than a destination for the finest contemporary European design, Porta Mobili is a gateway to beautiful living — where craft, creativity, and innovation are celebrated.

This book introduces the philosophy that guides every conversation, every recommendation, and every relationship we build.

ABOUT US

Curated European living

Porta Mobili offers curated European living through exceptional furniture and personalized service — refined spaces that reflect both global design and personal lifestyle.

We begin with a conversation, not a catalogue: Every piece we bring to Manila is chosen for craft, longevity and the way it will live in your home — and we stay with you long after delivery.

CONSIDERED EDITING

Fewer, better pieces — selected by principle, not popularity.

PERSONAL SERVICE

Guidance shared around how you actually live.

OUR PURPOSE

To help people live
beautifully, with
confidence.

OUR STORY

It is easy to find beautiful furniture. It is harder to bring pieces together that result in a beautiful home.

Creating a beautiful home should be joyful — yet endless choices can make it overwhelming. We believe the answer is not more options, but the right ones.

Porta Mobili was built on a simple truth: meaningful homes are born from genuine relationships, not transactions. We listen first, guide thoughtfully, and stand beside every client on their journey.

Our mandate is to push conventions and find other ways of living beautifully. Authenticity is at the heart of everything we do.

WHAT'S IN A NAME

Porta

LATIN

"Door," or "gateway."

Mobili

ITALIAN

A plural reference to "furniture."

A door is a gateway to possibility, partnership, and the home you have always imagined.

OUR PURPOSE

To help people live beautifully, with confidence.

Our purpose is not a statement on a wall — it is the foundation of every decision we take. Instead of dictating or presenting templated options, our role is to empower clients as they discover what beautiful living means to them.

OUR VISION

To become the Philippines' most trusted partner in creating meaningful homes.

We aspire to be recognised not simply for the brands we represent, but for the relationships we build, the expertise we provide, and the partnerships we nurture over time.

OUR MISSION

We help homeowners and design professionals build spaces imbued with meaning, intention, and authenticity.

By sparking thoughtful conversations.

By introducing innovative and original design ideas.

By offering expertise woven in empathy.

BRAND PHILOSOPHY

Every beautiful home begins with a conversation.

Great design starts not with products, but with people. By listening first — to routines, dreams, and the memories that matter most — we shape spaces that feel truly personal.

Beautiful homes are never really designed around furniture. They are designed around the people who call them home.

We listen. We understand. We curate.

BRAND POSITION

Your gateway to beautiful living.

Possibility. Partnership. Home.

We are not simply a furniture destination. We are the trusted guide who walks alongside you through every decision, every room, every season of your life at home.

Our relationship does not end at delivery. It deepens over time — through follow-up conversations, evolving spaces, and a shared commitment to beautiful living.

BRAND PILLAR 01

OI

Considered Editing

Curation is not about limiting options — it is about honoring your time, your taste, and your home. We are not here to offer more.

Our edit is informed by coherence and resonance, so that every recommendation carries intention and every client is empowered to choose better, with confidence.

BRAND PILLAR 02

02

Pure Creativity

We hold original ideas and true innovation in the highest regard. Never an imitation, a look-a-like, or an altered version of something that already exists.

Behind every piece we curate is a maker who has spent years perfecting their craft. Quality is not an accident — it is experience, dedication, and quiet pride in work done well.

03

Expertise Meets Empathy

Trust is not given — it is earned. Through consistency in our guidance, honesty in our recommendations, and genuine care for the people we serve.

Clients return not because of what we sell, but because of how we make them feel: understood, supported, and confident in every decision.

Not a process. A relationship.

01

Conversation

Before we recommend, we listen — to routines, relationships, memories, and dreams.

02

Curation

Not about offering more, but offering what is right — selected to reflect your life.

03

Recommendation & Delivery

We explain not only what we suggest, but why it belongs. Confidence comes from understanding.

04

Porta Home Review

We return. Success is measured not on installation day, but in the years that follow.

BEAUTIFUL LIVING

“Beautiful living is not something we create for our clients. It is something we help them discover.”

It is not defined by size, style, or trends — but by how a space makes you feel. The morning ritual with the right light. The dining table that gathers people. The material that ages gracefully.

OUR FOUNDER

Buy less, but buy better.

Jam Chan Cua grew up inside her family's lighting and home business, and built the e-commerce platform Nest Manila before founding Porta Mobili. Travel shaped the concept: the more showrooms she visited abroad, the clearer the gap in Manila became.

"The most beautiful homes aren't the ones with the most furniture. They're the ones where every piece feels considered."

OUR BRANDS · GERMANY

BW Bielefelder Werkstätten

Comfort that brings people together

A renowned German manufacturer specializing in high-end upholstery, minimalist sofas, and functional armchairs — each hand-crafted for unparalleled comfort. BW designs invite you to slow down and reconnect, ageing gracefully and growing more meaningful with time.

OUR BRANDS · ITALY

Riflessi

The art of gathering

Award-winning Italian design known for clean, minimalist ideas tailored for functionality and movement. Its extensively customizable dining tables and consoles are made for the spaces where meals become memories and conversations linger.

OUR BRANDS · ITALY

Tisettanta

True freedom of living

An iconic company from Giussano, known for modular wall systems, cabinetry, and kitchens. Founded in the early 70s and a collaborator of Antonio Citterio, Tisettanta sees furniture as an extension of architecture — every element designed to belong.

OUR BRANDS · FRANCE

Stoneleaf

Nature, refined

Founded in Paris in 2013, Stoneleaf specializes in eco-responsible, ultra-thin, flexible natural veneers cut from slate, mica, and marble. Every surface carries the story of the earth — its grain, its weight, its quiet permanence.

OUR BRANDS · ITALY

ETRO Home

Character with confidence

The home extension of the heritage Italian house brings the boldness of fashion into interiors — rich patterns like the Heritage Paisley, vibrant palettes, and artisan detail. These are not spaces designed to blend in.

GWYNETH PALTROW

“She has taste, and doesn’t need to prove it.”

Refinement that does not seek external validation. Quiet sophistication met by warmth and approachability. She is drawn to beautiful things, not flashy logos — and is building a lived-in home, not a showroom.

Quality

over quantity.

Design

over logos.

Longevity

over trends.

The “Style Curator” Archetype

Logo Guideline

MINIMUM WIDTH

To maintain clarity and legibility, the logo must be displayed at a minimum recommended width across various applications. Shrinking the logo beyond this threshold may result in loss of detail, especially in the intricate snake design.

Print: 50 mm
Digital: 200 px

Print: 50 mm
Digital: 200 px

MINIMUM DISTANCE

To ensure visibility, legibility, and brand integrity, the logo must be surrounded by a clear space defined by the size of the letter O from the Porta Mobili logo. This ensures that the logo stands out and remains easily recognizable across different applications.
