PROFESSIONAL EXPERIENCE

Creative Specialist / Graphic Designer

July 2025 – Present

Metal-Lite Illuminazione Marketing

Quezon City, Metro Manila

- Develop creative assets for multiple high-end furniture, lighting, and retail brands, maintaining consistent brand presentation across campaigns, showroom displays, digital platforms, and marketing materials.
- Create campaign visuals, social media graphics, reels, sales presentations, catalogs, and promotional materials to support product launches, showroom activities, and sales initiatives.
- Capture photo and video content for company events, product features, and showroom activities, providing ready-to-use assets for marketing and digital campaigns.
- Contribute to stronger customer inquiry generation and sales conversion support through improved campaign visuals and brand-focused marketing materials.

Senior Graphic Designer

July 2024 – July 2025

GJF Design and Printing Manufacturing Corporation

Dasmariñas City, Cavite

- Created graphic designs, mockups, layouts, and social media advertisements for print and digital projects, delivering client-ready visuals based on customer requirements.
- Managed client inquiries, quotations, production supervision, and on-site layout consultations from briefing to final output.
- Coordinated job orders, layout lineups, project progress, and inventory monitoring with artists and production teams to support an organized production workflow.
- Supported print production by preparing accurate layouts, reviewing output requirements, and coordinating revisions before final production.

Graphic Designer

April 2023 – September 2023

JAMS Advertising

Peñablanca, Cagayan Valley

- Designed banners, event layouts, and photo-manipulated visuals for advertising, events, and client campaigns.
- Coordinated print production, site visits, inventory monitoring, supply tracking, production reports, and event layout finalization.
- Handled photography for weddings, birthdays, graduations, and special events, delivering visual content aligned with client needs.

Graphic Designer**December 2022 – April 2023****Sticker Runner**

Tanza, Cavite

- Designed sublimation prints, banners, photo layouts, customized merchandise, and promotional materials for garments and print production.
- Reviewed design accuracy, print placement, and production quality for the garments department to ensure outputs met customer requirements.
- Monitored workflow, quality control, and inventory tracking to maintain production standards and prevent material shortages.

Freelance Graphic Designer (WFH / Project-Based)**March 2021 – October 2022****JVP Innovation**

Tanza, Cavite

- Created project-based layouts for customized merchandise, signage, promotional materials, and social media advertisements while working remotely with client and production requirements.
- Handled client revisions, special design requests, and design adjustments for personalized and production-specific outputs.
- Prepared print-ready files for heat press and cutter plotter production, helping reduce layout errors and ensure accurate output.

Graphic Designer (On-Site)**October 2019 – February 2021****JVP Innovation**

Tanza, Cavite

- Created branding materials, customized layouts, signage designs, and promotional materials for walk-in and business clients.
- Assisted with customer coordination, site visits, event layout meetings, and project discussions to ensure outputs matched client requirements.
- Operated heat press and cutter plotter machines while preparing production-ready artwork and handling customer modifications.
